

Andrea Zocca graduated from the University of Padova, where he obtained his Bachelor's and Master's degrees in 2009 and 2011, respectively.

Andrea Zocca graduated from the University of Padova in Materials Engineering. He obtained a PhD in materials engineering in 2015 in the frame of a co-tutored doctoral degree between the University of Padova and Clausthal University of Technology.

In 2015 he obtained an Adolf Martens post-doctoral fellowship at BAM in Berlin, Germany.

Since 2017 he is currently employed as permanent staff as BAM, where he continues his work as scientific researcher. His main research topic is the development of additive manufacturing processes for ceramic materials.
