

Associate Professor: Shinji Tamura  
PhD. of Engineering,  
Department of Applied Chemistry, Faculty of Engineering,  
Osaka University, Japan  
Office: +81-6-6879-7353  
Email: shinji@chem.eng.osaka-u.ac.jp

### **Educational background**

03/2001 Ph.D, Engineering, Osaka University, Japan

### **Professional Experiences**

04/2015-present	Associate Professor position, Osaka University, JAPAN
04/2004-03/2015	Assistant Professor position, Osaka University, JAPAN
04/2001-03/2004	Postdoctoral fellow, Japan Society for the Promotion of Science, JAPAN

### **Field of Research**

Gas Sensors  
Solid Electrolytes  
Inorganic Pigments

### **Research outcome**

He is the author of over 120 scientific articles published in reputed journals. He has also published 13 book chapters related his research field. For his research achievements on gas sensor field, he received a Society Award from the Japan Association of Chemical Sensors in 2017.
