

Prof. Pooi See LEE
School of Materials Science and Engineering, NTU

Pooi See received her Ph.D. degree from the National University of Singapore in 2002. She was awarded the 2002 Norman Hackermann Young Author Award by The Electrochemical Society, United States. She joined NTU at the School of Materials Science and Engineering (MSE) as Assistant Professor in 2004. Pooi See received her tenured Associate Professor in 2009 and promoted to Full Professor in 2014. She served as the Assistant Chair (Undergraduate) from 2004-2008, Associate Chair (Research) 2012-2014, and Associate Chair (Faculty) 2014-2016. Prof. Lee was awarded the National Day Award, Public Administration Medal (Bronze) in 2014. Lee Pooi See has been the Associate Dean (Faculty Recruitment and Development) in the College of Engineering since 2016. She is appointed as the Dean of Graduate College in NTU from Jan 2020.

Her research focuses on hybrid nanomaterials for flexible and stretchable electronics, energy harvesting and storage, wearable technology and human-machine interface. She won the TechConnect Innovation Award 2015 in Washington. She was awarded the National Research Foundation Investigatorship in 2015, and she received the Nanyang Research Excellence Award 2016. In 2017, Prof. Lee received the Nanyang Award for Innovation and Entrepreneurship. Pooi See holds more than 25 filed or granted patents and has authored 8 book chapters, with more than 250 publications in international refereed journals. Pooi See is recognized as one of the Highly Cited Researcher 2018 and 2019 (top 1% by citations for field and year) by the Clarivate Analytics, Web of Science.
