

Biography

Name: Won-Hee Ryu, Ph.D. (류원희)

Affiliation: Department of Chemical and Biological Engineering, Sookmyung Women's University, Republic of Korea (숙명여자대학교 화공생명공학부)

Address: 100 Cheongpa-ro 47-gil, Yongsan-gu, Seoul, 04310, Republic of Korea

Position: Assistant Professor

Education:

2012 Ph.D. Department of Materials Science and Engineering, Korea Advanced Institute of Science and Technology (KAIST), Daejeon, Republic of Korea

Supervisor: Prof. Hyuk-Sang Kwon

2007 M.S. Department of Materials Science and Engineering, Korea Advanced Institute of Science and Technology (KAIST), Daejeon, Republic of Korea

Supervisor: Prof. Hyuk-Sang Kwon

2006 B.S. Department of Metallurgical Engineering, Yonsei University, Seoul, Republic of Korea

EXPERIENCES:

2016.03 – Present Assistant Professor, Department of Chemical and Biological Engineering, Sookmyung Women's University

2013.11 – 2016.01 Post-Doctoral Associate, Department of Chemical and Environmental Engineering, Yale University, USA

2012.02 – 2013.09 Post-Doctoral Fellow, Department of Materials Science and Engineering, KAIST

2010.09 – 2011.04 Visiting Researcher, Electrochemical Energy Storage, Chemical Engineering Division, Argonne National Laboratory (ANL), USA,

Field of Expertise: Next generation batteries (Li-Air battery, Na-ion battery, Li-ion battery), Low-dimensional nanomaterial synthesis, Electrochemistry, Catalyst for energy storage and conversion, Material design and characterizations
